The Record Setting Blizzard of 2010

During the past three storms, our neighbors in Ashley Ridge worked together to clear the sidewalks, dig out stranded vehicles, and run errands for those who could not get out. This article mentions some of our neighbors by name and is just a small part of the

story of our neighbors helping neighbors. Please take the time to thank those who helped you during these past storms.

During the first storm on December 19, 2009, Dan Sawyer in Section Three brought home his front loader and

plowed the cul de sac and his neighbors' driveways. In section One Mike Barber and Mike Chierico built a sledding lane on the pathway and pushed the kids down the path on an inner tube.

DIGGING OUT

THE BLIZZARD OF 2010

THE BLIZZARD OF DECEMBER 19, 2009 LEFT ASHLEY RIDGE BLANKETED WITH TWO FEET OF SNOW. THE BLIZZARDS ON FEBRUARY 5, 6, 9 & 10 LEFT ASHLEY RIDGE RESIDENTS SNOWED IN WITH OVER 3 FEET OF SNOW. THE NEIGHBORHOOD WAS BEAUTIFULLY DECORATED IN A BLANKET OF SMOOTH WHITE SNOW. ONCE THE SNOW STOPPED, IT WAS TIME TO DIG OUT. NEIGHBORS HELPED NEIGHBORS WHETHER IT BE DIGGING OUT NEIGHBORS, SNOW BLOWING THE WALKWAYS OR ENSURING THAT THE FIRE HYDRANTS WERE ACCESSIBLE. THIS NEWSLETTER IS DEDICATED TO THE RESIDENTS OF ASHLEY RIDGE.

Community Spirit in the Blizzards of 2009 and 2010

Ace Schwarz and Glenn Garnett brought out the snow blowers and cleared the snow from many of the neighbors' sidewalks and driveways. They helped one neighbor who was physically unable to shovel, clear out his entire property.

During the Blizzards of 2010, Mike Moore of Section One, Paul Talbot and Ryan Kaye in Section Three were mentioned for helping keep the fire hydrants clear during the storms.

Manuel Rios helped plow his cul de sac in Section Three while Ace worked non stop with his snow blower to keep many areas of his street in Section One clean. Ace, who lives at least 5 houses up from the stem pipe in Section One cleared much of the stem pipe to the delight of those residents.

During all three storms, Kyu Ro worked hard to keep open a path from the stem pipe to the sidewalk so that the children could make it safely to the bus stop.

Tom Edwards and Tor Nupen in Section One were noted as having plowed the sidewalks for the kids when they finally go back to school. Also thanks to Butch Hunter for pitching in and helping to clear the mailboxes in Section One so the mail carrier could safely deliver mail to homeowners.

While the December storm was easier for the kids to play in, the February blizzards did not stop the Richard, Janda or Henneke families from having fun. Snow forts and snow tunnels were made for all the neighbors to enjoy. Ryan Kaye constructed a child friendly luge for everyone to enjoy.

Community Spirit in the Blizzards of 2009 and 2010 - continued

While we have mentioned a few by name, there are many others in Ashley Ridge who were snow storm heroes. From keeping their sidewalks clear, to checking on their neighbors, to running errands for those without four wheel drive

vehicles, the snow storms of December and February brought out the best in the community. Thanks to each and every one of you for doing your part as members of the community we call Ashley Ridge.
